PART II. CONTRACT CLAUSES

52.211-9 DESIRED AND REQUIRED TIME OF DELIVERY (JUN 1997)

(a) The Government desires delivery to be made according to the following schedule:

DESIRED DELIVERY SCHEDULE

ITEM NO. QUANTITY

1 4 each 24" HPIW Butterfly Valves

12 Weeks After Receipt of Order (

4 each 24" HPIW Butterfly Valves 12 Weeks After Receipt of Order (ARO)

If the offeror is unable to meet the desired delivery schedule, it may, propose a delivery schedule below. However, the offeror's proposed delivery schedule must not extend the delivery period beyond the time for delivery in the Government's required delivery schedule as follows:

REQUIRED DELIVERY SCHEDULE

ITEM NO. QUANTITY

1 4 each 24" HPIW Butterfly Valves 16 Weeks ARO

Offers that propose delivery of a quantity under such terms or conditions that delivery will not clearly fall within the applicable required delivery period specified above, will be considered nonresponsive and rejected. If the offeror proposes no other delivery schedule, the desired delivery schedule above will apply.

OFFEROR'S PROPOSED DELIVERY SCHEDULE

<u>ITEM NO.</u>	QUANTITY	<u>DELIVERY</u>
1	4 each 24" HPIW Butterfly Valves	Weeks ARO

(b) Attention is directed to the Contract Award provision of the solicitation that provides that a written award or acceptance of offer mailed or otherwise furnished to the successful offeror results in a binding contract. The Government will mail or otherwise furnish to the offeror an award or notice of award not later than the day the award is dated. Therefore, the offeror shall compute the time available for performance beginning with the actual date of award, rather than the date the written notice of award is received from the Contracting Officer through the ordinary mails. However, the Government will evaluate an offer that proposes delivery based on the Contractor's date of receipt of the contract or notice of award by adding (1) five calendar days for delivery of the award through the ordinary mails, or (2) one working day if the solicitation states that the contract or notice of award will be transmitted electronically. (The term "working day" excludes weekends and U.S. Federal holidays.) If, as so computed, the offered delivery date is later than the required delivery date the offer will be considered nonresponsive and rejected.

FAR 52.212-4 CONTRACT TERMS AND CONDITIONS - COMMERCIAL ITEMS (JUN 2013), by reference (see SF 1449 block 27a)

The following ADDENDA TO FAR 52.212-4 are incorporated:

ADDENDUM TO FAR 52.212-4 CONTRACT TERMS AND CONDITIONS - COMMERCIAL ITEMS

The following paragraphs of this clause are tailored as follows:

- (a) Inspection/Acceptance. Add the following:
- (a)(1) The Government has the right to inspect and test all materials furnished and services performed under this contract, to the extent practicable at all places and times, including the period of performance, and in any event before acceptance. The Government may also inspect the plant or plants of the Contractor or any subcontractor engaged in contract performance. The Government will perform inspections and tests in a manner that will not unduly delay the work. If the Government performs inspection or tests on the premises of the Contractor or a subcontractor, the Contractor shall furnish and shall require subcontractors to furnish all reasonable facilities and assistance for the safe and convenient performance of these duties. If the contractor fails to promptly repair or replace nonconforming supplies, or to take the necessary action to ensure future performance in conformity with contract requirements, the government may, by contract or otherwise, repair or replace the nonconforming supplies at contractor's cost.
- (a)(2) Inspection and acceptance of the services will be performed at Stennis Space Center, MS, by the B2 Test Stand Project Office.
- (c) Changes... Replace with the following: Changes. Changes in the terms and conditions of this contract may be made only by written agreement of the parties with the exception of administrative changes such as changes in the paying office, appropriations data, etc., which may be changed unilaterally by the Government.

- (1) The Comptroller General of the United States, or an authorized representative of the Comptroller General, shall have access to and right to examine any of the Contractor's directly pertinent records involving transactions related to this contract.
- (2) The Contractor shall make available at its offices at all reasonable times the records, materials, and other evidence for examination, audit, or reproduction, until 3 years after final payment under this contract or for any shorter period specified in FAR Subpart 4.7, Contractor Records Retention, of the other clauses of this contract. If this contract is completely or partially terminated, the records relating to the work terminated shall be made available for 3 years after any resulting final termination settlement. Records relating to appeals under the disputes clause or to litigation or the settlement of claims arising under or relating to this contract shall be made available until such appeals, litigation, or claims are finally resolved.
- (3) As used in this clause, records include books, documents, accounting procedures and practices, and other data, regardless of type and regardless of form. This does not require the Contractor to create or maintain any record that the Contractor does not maintain in the ordinary course of business or pursuant to a provision of law.
- (e)

 (1) Notwithstanding the requirements of the clauses in paragraphs (a), (b), (c) and (d) of this clause, the Contractor is not required to flow down any FAR clause, other than those in this paragraph (e)(1) in a subcontract for commercial items. Unless otherwise indicated below, the extent of the flow down

1852.223-75 Major Breach Safety & Security (Feb 2002); Alternate I (Feb 2006)

PART III: CONTRACT DOCUMENTS, EXHIBITS, AND ATTACHMENTS

The following documents are attached hereto and made a part of this contract:

Attachment No.	Description/Title	<u>Date</u>	<u>Pages</u>
1	Industrial Water Valve Package Diffuser Butterfly Valves	07/02/2013	12
2*	Part IV and Part V	See SF1449 Block 6	27
3	Contractor's Proposal		

NOTE: Contractor's proposal (to exclude company confidential materials) shall be incorporated by reference and deemed to be an attachment to any resulting contract.

^{* -} Solicitation Provisions and Offeror Representations and Certifications are included for solicitation purposes only. They will be physically removed from any resultant award, but will be deemed to be incorporated by reference in the award.

PART IV: SOLICITATION PROVISIONS

52.212-1 INSTRUCTIONS TO OFFERORS - COMMERCIAL ITEMS (FEB 2012)

The following ADDENDA TO FAR 52.212-1 are incorporated:

INSTRUCTIONS REGARDING SUBMISSION OF OFFER:

The following information is to be provided with offeror's proposal and must be submitted no later than the date and time specified on page 1 in Block 8 of the SF 1449. The information requested must be provided for the prime contractor, and, if applicable, significant subcontractors.

Failure to provide any item requested below may render offeror's proposal NON-RESPONSIVE and thereby ineligible for award.

- (A) List of Required Documents The following is a list of required documents provided for the Offeror's convenience. There may be other documents, either required or necessary for effective evaluation, which do not appear on this list. It is the offeror's responsibility to ensure that the proposal submitted is complete in every respect and not rely solely on this list to prepare its proposal.
 - 1. Completed SF 1449
 - 2. Technical Quality Section of Proposal
 - 3. Delivery Schedule Section of Proposal
 - 4. Past Performance Section of Proposal
 - 5. Price Section of Proposal
 - 6. Offeror Representations and Certifications (Part V); IAW 52.212-3, Offerors are required to electronically provide Representation and Certifications via the BPN website at http://orca.bpn.gov prior to submitting offer or complete the representation and certifications in this solicitation and submit as part of its proposal package
 - 7. Documentation of compliance with veterans reporting requirements
 - 8. Acknowledgment of all amendments, if applicable

(B) TECHNICAL QUALITY -

- 1. Technical Quality information shall include submission of the salient characteristics of the deliverable proposed to demonstrate the degree to which it can satisfy the government's requirement.
- 2. Offerors are advised that existing product literature may be submitted in lieu of unique technical proposals so long as it conforms to the requirements of the solicitation and contains adequate detail for purposes of evaluation. Information provided must clearly demonstrate the capability of the offeror's proposed product to perform within the environment in which these valves will be required to operate. In particular, documentation provided must demonstrate that the offered product will be able to retain its seat during turbulent valve

operation. Lifecycle cost and maintenance requirements are also a consideration of this requirement and, as such, information provided should include steps required for both preventive and corrective maintenance (e.g. to replace seat or correct a leak).

- 3. Information provided should be specific, detailed, and complete enough to clearly and fully demonstrate an understanding of the requirements and any risks associated with the objectives of this procurement. It is inadequate to simply state that offeror understands and will comply with the requirements, or to paraphrase the requirements such as: "standard procedures will be employed to…" and "well-known techniques will be used for…". The information provided shall comprehensively explain how offeror proposes to comply with the applicable requirements.
- 4. Adequate documentation, including proposed cleaning procedure, shall be included in the proposal proving that the cleanliness levels required in the specification can and will be met. In addition, a clear statement is required in the proposal affirming that the required cleanliness level from the NASA RPTSTD 8070-0001 will be met.

(C) DELIVERY SCHEDULE -

- 1. Delivery Schedule information shall include documentation that clearly demonstrates the offeror's ability to meet the Government's desired/required delivery schedule.
- 2. Offerors are advised that proposals offering to exceed the desired/required delivery schedule of this solicitation AND demonstrating the ability to do so will be given a higher rating under this evaluation factor.

(D) PAST PERFORMANCE -

At a minimum, Past Performance Information (PPI) provided shall include the name(s) and contact information for three (3) of the offeror's most recent (within three years from the offer due date listed on page 1 in Block 8 of the SF1449) and relevant (as outlined in the Federal Acquisition Regulation) references (whether federal, state, or local government or private industry) for the prime contractor, and, if applicable, significant subcontractors. PPI provided should clearly demonstrate the proposed valves' performance in a comparable operating environment. Failure to provide adequate contact information shall result in the reference being given a "neutral" rating.

(E) PRICE -

- 1. This procurement is exempt from the requirements of submission or certification of cost or pricing data. However, offeror is to provide a general breakdown of pricing (i.e. labor, equipment, materials, subcontracts, transportation, etc.) sufficient to determine price realism and reasonableness.
- 2. Offeror shall identify and document all (if any) assumptions, conditions, and/or exceptions upon which the price is based. Any assumptions, conditions, and/or exceptions considered by the Government to be unacceptable may result in elimination for an award.

(F) FORMAT-

1. Proposals shall be clear and concise, and shall include sufficient detail for effective evaluation and substantiation of stated claims. The proposal shall not simply affirm,

rephrase, or restate the Government's requirements, but rather shall provide convincing rationale to address how the offeror's product meets the requirements. Offerors shall assume that the Government has no prior knowledge of their products, facilities, or experience, and will base its evaluation only on the information presented in the offeror's proposal. Elaborate brochures or documentation, detailed artwork, or other superfluous embellishments are unnecessary and are not desired.

- 2. Signed offer(s) may be submitted electronically via e-mail to george.r.piccolo@nasa.gov, by the date specified on page 1 in Block 8 of the SF 1449.
- 3. All information and all copies of offer must be submitted no later than the date and time specified on Page 1 in Block 8 of the SF 1449. Proposals that arrive after the prescribed date and time specified for receipt of proposals will be considered late and treated in accordance with FAR 52.212-1(f)(2).

(G) VIETNAM ERA VETERANS' READJUSTMENT ACT OF 1972 (VEVRAA) -

- 1. Federal contracting agencies are prohibited from obligating or expending funds to enter into a contract covered by the VEVRAA with a contractor from which a VETS-100 or VETS-100A Report was required with respect to the previous fiscal year if such contractor did not submit such report (31 U.S.C. 1354). The VEVRAA regulations generally apply to Government contracts entered into on or after December 1, 2003 in the amount of \$100,000 or more; contracts are not aggregated to reach the coverage threshold. Frequently Asked Questions (FAQs) regarding this topic may be found at http://www.dol.gov/vets/vets-100.html.
- 2. Contractors subject to reporting shall submit as verification of reporting compliance a copy of the confirmation notification received upon the successful submission of its VETS-100 and/or VETS-100A report(s).
- (H) QUESTIONS Questions regarding the solicitation and/or specifications are encouraged to ensure adequate understanding of the government's requirement. All offeror questions regarding subject solicitation must be submitted no later than 4:30 pm local time (Central) on August 1, 2013. Questions submitted after this date/time will not be accepted. Questions will be accepted via e-mail only to: george.r.piccolo@nasa.gov. Faxed or telephoned questions will not be accepted. In no event shall an offeror's failure to clarify the requirements of the solicitation constitute grounds for a protest before or after award or a claim after contract award.
- (I) PROPOSAL COSTS The Government will not pay any offeror for preparation of their proposal.

(J) TECHNICAL EVALUATION CONTRACTOR SUPPORT -

1. Offerors are hereby informed that a John C. Stennis Space Center (SSC) onsite Contractor will be providing technical assistance to the NASA proposal evaluation team, and, as such, will require access to offeror's proposal. The SSC Contractor will not be evaluating proposals, but will play an integral supporting role in the technical evaluation by providing technical input to be used by the NASA evaluation team. The final technical evaluation results shall be the responsibility of the NASA Technical Evaluation Team.

- 2. By submitting a proposal in response to this solicitation, offeror is acknowledging awareness of this fact. Offeror further acknowledges approval and acceptance of the technical assistance approach identified above and agrees that NASA may release to its service providers, their subcontractors, and their individual employees, sensitive information submitted during the course of this procurement.
- 3. Submission of an offer in response to this Request for Proposal (RFP) provides consent for the Government to utilize the proposal in accordance with the technical evaluation procedures identified in paragraph J above.

(End of Provision)

52.212-2 EVALUATION - COMMERCIAL ITEMS (JAN 1999)

- (a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer, conforming to the solicitation, will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers: Technical Quality, Delivery Schedule, Past Performance, and Price. See the Addendum to this clause for specific evaluation procedures.
- (b) Options. N/A
- (c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of Provision)

The following **ADDENDUM TO FAR 52.212-2** is incorporated:

(A) COMPETITIVE NEGOTIATED PROCUREMENT USING QUALITATIVE CRITERIA

This procurement is being conducted utilizing Best Value Selection (BVS), which seeks to make an award based on the best combination of price and qualitative merit (e.g. Technical Quality, Delivery Schedule, Past Performance, and/or Price) of the proposals submitted and reduce the administrative burden on Offerors and the Government. BVS predefines the value characteristics which will serve as discriminators among proposals. BVS evaluation is based on the premise that, if all proposals are of approximately equal qualitative merit, award will be made to the Offeror with the lowest evaluated price (fixed-price contracts) or the lowest most probable cost (cost type contracts). However, the Government may consider awarding to an Offeror with higher qualitative merit if the difference in price is commensurate with added value. Conversely, the Government may consider making award to an Offeror whose quote has lower qualitative merit if the price (or cost) differential between it and other offers warrants doing so.

(B) EVALUATION CRITERIA

a. The award will be made where the offeror is determined to be responsible, and the proposal is responsive and offers the best value to the government. Best value will be determined based on an integrated assessment of each proposal in terms of Technical Quality, Delivery Schedule, Past Performance, and Price. Therefore, subjective judgment by the government is implicit in the evaluation process. Technical Quality and Delivery Schedule are of equal importance and, when combined, are significantly more important than Past Performance or Price. If offeror does not have relevant past performance history, the offeror may not be evaluated favorably or unfavorably on past performance and will be given a neutral rating as detailed in this plan. In addition, award may be made without conducting discussions.

b. Once all responses have been gathered, proposals will be qualitatively evaluated by team members using the below value characteristics. These value characteristics are performance-based and permit evaluation of the proposal, which provides better results for a reasonable marginal increase in price. All proposals will be judged against these value characteristics.

(C) EVALUATION PROCESS

The Government will evaluate proposals in two general steps:

Step One -- An initial evaluation will be performed to determine if all required information has been provided and the Offeror has presented a responsive proposal. Offeror may be contacted only for clarification purposes during the initial evaluation. Should a proposal be determined nonresponsive, the offeror shall be notified that their proposal has been rejected and the reasons therefore, and the proposal shall be excluded from further consideration.

Otherwise responsive proposals containing a significant variance in price from the government's estimate may be immediately removed from further consideration if there is no expectation that an award can be made at a fair and reasonable price, as it would be detrimental to the public interest to pay more than fair market price.

Step Two -- All responsive proposals will be evaluated against the specifications/statement of work and the value characteristics identified herein. Based on this evaluation, the Government has the option, depending on the specific circumstances of the proposals received, to utilize one of the following methods: (1) Make selection and award without discussions, (**preferred method**); or (2) after establishment of the competitive range, hold discussions with all finalists and afford each Offeror an opportunity to revise its proposal, and then make selection based upon an evaluation of the revised proposals.

Offerors are cautioned that omissions or an inaccurate or inadequate response to these evaluation factors may have a negative effect on your overall evaluation.

References other than those provided by the offeror may be contacted and their comments considered during the evaluation process. The information submitted may be verified by the Government through discussions with the references provided. While the Government may elect to consider data obtained from other sources, the burden of providing relevant references that the Government can readily contact rests with the Offeror.

(D) VALUE CHARACTERISTICS

Listed below are the value characteristics that will be utilized in the evaluation of each proposal. Each value characteristic is further defined to explain the rating that each offeror will receive. Documentation insufficient to make a definitive determination regarding these characteristics may negatively impact the score received.

a) Technical Quality - The government will evaluate the information provided by the offeror in response to this solicitation as well as to what extent proposal is in compliance with the solicitation requirements and how closely the proposed product meets the Government's requirements. Each offeror's proposed product's capabilities will be evaluated and assigned one of the following ratings:

	· ·	
RATING	DEFINITION	STANDARD
Outstanding	Substantially	Offeror proposed a superior product to meet the requirements of
	exceeds	the solicitation with specific, detailed, complete, and clear logic

		requirements. The information provided was comprehensive and
		clearly explains how offeror's product exceeds compliance with
		the Statement of Work and Valve Data Sheets, and there is no
		doubt it will perform within the required operating environment.
		Lifecycle cost and maintenance requirements are highly desirable.
Above	Somewhat	Offeror proposed a good product to meet the requirements of the

b) <u>Delivery Schedule</u> - The government will evaluate to what extent the offeror's proposed schedule meets the government's needs as specified in the solicitation as well as the reasonableness of the schedule proposed and the relative capability of the offeror to effectively meet the proposed schedule. Each offeror's proposed Delivery Schedule will be evaluated and assigned one of the following ratings:

RATING	DEFINITION	STANDARD
Outstanding	Substantially	Offeror's proposed delivery schedule substantially exceeds the
	exceeds	Government's desired/required delivery schedule per FAR 52.211-

		offeror could meet the proposed schedule.
Unsatisfactory	Does not	Offeror's proposed delivery fails to meet the Government's
	meet	desired/required delivery schedule per FAR 52.211-9. The
	requirements	proposal indicated that the offeror could not meet the proposed
		schedule.

c) Past Performance - The government will evaluate past and present performance, giving consideration to the relevance of the work performed and the quality of performance indicated, to assess the relative capability of the offeror to effectively accomplish the requirements of this contract. For newly formed businesses having little or no company experience, the past performance of a predecessor firm, the company's principal owner(s) or corporate officer(s) may be considered. The lack of a performance record may result in an unknown performance risk assessment which will neither be used to the advantage or disadvantage of the Offeror. Each offeror's past performance will be evaluated and assigned one of the following ratings:

RATING	<u>DEFINITION</u>	STANDARD
Very High Level of Confidence	One or more significant strengths exist. No significant weaknesses exist.	The offeror's relevant past performance is of exceptional merit and is very highly pertinent to this acquisition; indicating exemplary product performance in a timely, efficient, and economical manner; very minor (if any) problems with no adverse effect on overall product performance. It clearly demonstrates the proposed valves' performance in an equivalent operating environment. Based on the offeror's products' performance record, there is a very high level of confidence that the offeror's proposed product will successfully meet the required standards.
High Level of Confidence	One or more significant strengths exist. Strengths outbalance any weakness.	The offeror's relevant past performance is highly pertinent to this acquisition; demonstrating very effective product performance that would be fully responsive to contract requirements with contract requirements accomplished in a timely, efficient, and economical manner for the most part with only minor problems with little identifiable effect on overall product performance. It fully demonstrates the proposed valves' performance in a highly comparable operating environment. Based on the offeror's products' performance record, there is a high level of confidence that the offeror's proposed product will successfully meet the required standards.
Moderate Level of Confidence	There may be strengths or weaknesses or both.	The offeror's relevant past performance is pertinent to this acquisition, and it demonstrates effective product performance; fully responsive to contract requirements; reportable problems, but with little identifiable effect on overall product performance. It demonstrates the proposed valves' performance in a somewhat comparable operating environment. Based on the offeror's products' performance record, there is a moderate level of confidence that the offeror's proposed product will successfully meet the required standards.
Neutral	No record exists	or the contractor has no past performance to report.
Low Level of Confidence	One or more weaknesses exist. Weaknesses outbalance strengths.	The offeror's relevant past performance is at least somewhat pertinent to this acquisition, and its products meet or slightly exceed minimum acceptable standards; adequate results; reportable problems with identifiable, but not substantial, effects on overall product performance. It does not demonstrate the proposed valves' performance in a somewhat comparable operating environment. Based on the offeror's products' performance record, there is a low level of confidence that the offeror's proposed product will successfully meet the required standards. Changes to the offeror's existing processes may be necessary in order to achieve contract requirements.
Very Low Level of Confidence	One or more deficiencies or significant weaknesses exist.	The offeror's relevant past performance does not meet minimum acceptable standards in one or more product performance areas; remedial action required in one or more product performance areas; problems in one or more product performance areas which adversely affect overall product performance. It fails to

	demonstrate the proposed valves' performance in a marginally
ļ	comparable operating environment. Based on the offeror's
	products' performance record, there is a very low level of
	confidence that the offeror's proposed product will successfully
	meet the required standards.

d) <u>Price</u> - The government will evaluate offeror's proposed price for reasonableness and realism in accordance with FAR 15.4 and for determining best value to the Government. Price will be evaluated via price analysis. The analytical techniques and procedures described in FAR 15.404 may be used, singly or in combination with others, to ensure the final price is fair and reasonable. (End of Provision)

52.252-1 SOLICITATION PROVISIONS INCORPORATED BY REFERENCE (FEB 1998)

This solicitation incorporates one or more solicitation provisions by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. The offeror is cautioned that the listed provisions may include blocks that must be completed by the offeror and submitted with its quotation or offer. In lieu of submitting the full text of those provisions, the offeror may identify the provision by paragraph identifier and provide the appropriate information with its quotation or offer. Also, the full text of a solicitation provision may be accessed electronically at this/these address(es): Federal Acquisition Regulation (FAR) clauses: http://www.acqnet.gov/far/; NASA FAR Supplement (NFS) clauses:

PART V: OFFEROR REPRESENTATIONS AND CERTIFICATIONS

52.209-7 INFORMATION REGARDING RESPONSIBILITY MATTERS (FEB 2012)

(a) Definitions. As used in this provision—

"Administrative proceeding" means a non-judicial process that is adjudicatory in nature in order to make a determination of fault or liability (e.g., Securities and Exchange Commission Administrative Proceedings, Civilian Board of Contract Appeals Proceedings, and Armed Services Board of Contract Appeals Proceedings). This includes administrative proceeding at the Federal and State level but only in connection with performance of a Federal contract or grant. It does not include agency actions such as contract audits, site visits, corrective plans, or inspection of deliverables.

"Federal contracts and grants with total value greater than \$10,000,000" means—

- (1) The total value of all current, active contracts and grants, including all priced options; and
- (2) The total value of all current, active orders including all priced options under indefinite-delivery, indefinite-quantity, 8(a), or requirements contracts (including task and delivery and multiple-award Schedules).

"Principal" means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a division or business segment; and similar positions).

- (b) The offeror [] has [] does not have current active Federal contracts and grants with total value greater than \$10,000,000.
- (c) If the offeror checked "has" in paragraph (b) of this provision, the offeror represents, by submission of this offer, that the information it has entered in the Federal Awardee Performance and Integrity Information System (FAPIIS) is current, accurate, and complete as of the date of submission of this offer with regard to the following information:
 - (1) Whether the offeror, and/or any of its principals, has or has not, within the last five years, in connection with the award to or performance by the offeror of a Federal contract or grant, been the subject of a proceeding, at the Federal or State level that resulted in any of the following dispositions:
 - (i) In a criminal proceeding, a conviction.
 - (ii) In a civil proceeding, a finding of fault and liability that results in the payment of a monetary fine, penalty, reimbursement, restitution, or damages of \$5,000 or more.
 - (iii) In an administrative proceeding, a finding of fault and liability that results in -
 - (A) The payment of a monetary fine or penalty of \$5,000 or more; or
 - (B) The payment of a reimbursement, restitution, or damages in excess of \$100,000.
 - (iv) In a criminal, civil, or administrative proceeding, a disposition of the matter by consent or compromise with an acknowledgment of fault by the Contractor if the

proceeding could have led to any of the outcomes specified in paragraphs (c)(1)(i), (c)(1)(ii), or (c)(1)(iii) of this provision.

- (2) If the offeror has been involved in the last five years in any of the occurrences listed in (c)(1) of this provision, whether the offeror has provided the requested information with regard to each occurrence.
- (d) The offeror shall post the information in paragraphs (c)(1)(i) through (c)(1)(iv) of this provision in FAPIIS as required through maintaining an active registration in the Central Contractor Registration database via https://www.acquisition.gov (see 52.204-7).

(End of Provision)

52.212-3 OFFEROR REPRESENTATIONS AND CERTIFICATIONS - COMMERCIAL ITEMS (DEC 2012), ALTERNATE I (APR 2011)

An offeror shall complete only paragraphs (b) of this provision if the offeror has completed the annual representations and certificates electronically via https://www.acquisition.gov. If an offeror has not completed the annual representations and certifications electronically at the ORCA website, the offeror shall complete only paragraphs (c) through (o) of this provision.

(a) Definitions. As used in this provision--

"Economically disadvantaged women-owned small business (EDWOSB) concern" means a small business concern that is at least 51 percent directly and unconditionally owned by, and the management and daily business operations of which are controlled by, one or more women who are citizens of the United States and who are economically disadvantaged in accordance with 13 CFR part 127. It automatically qualifies as a women-owned small business eligible under the WOSB Program.

"Forced or indentured child labor" means all work or service—

- (1) Exacted from any person under the age of 18 under the menace of any penalty for its nonperformance and for which the worker does not offer himself voluntarily; or
- (2) Performed by any person under the age of 18 pursuant to a contract the enforcement of which can be accomplished by process or penalties.

"Inverted domestic corporation," as used in this section, means a foreign incorporated entity which is treated as an inverted domestic corporation under 6 U.S.C. 395(b), *i.e.*, a corporation that used to be incorporated in the United States, or used to be a partnership in the United States, but now is incorporated in a foreign country, or is a subsidiary whose parent corporation is incorporated in a foreign country, that meets the criteria specified in 6 U.S.C. 395(b), applied in accordance with the rules and definitions of 6 U.S.C. 395(c). An inverted domestic corporation as herein defined does not meet the definition of an inverted domestic corporation as defined by the Internal Revenue Code at 26 U.S.C. 7874.

"Manufactured end product" means any end product in Federal Supply Classes (FSC) 1000-9999, except—

(1) FSC 5510, Lumber and Related Basic Wood Materials;

- (2) Federal Supply Group (FSG) 87, Agricultural Supplies;
- (3) FSG 88, Live Animals;
- (4) FSG 89, Food and Related Consumables;
- (5) FSC 9410, Crude Grades of Plant Materials;
- (6) FSC 9430, Miscellaneous Crude Animal Products, Inedible;
- (7) FSC 9440, Miscellaneous Crude Agricultural and Forestry Products;
- (8) FSC 9610, Ores;
- (9) FSC 9620, Minerals, Natural and Synthetic; and
- (10) FSC 9630, Additive Metal Materials.

"Place of manufacture" means the place where an end product is assembled out of components, or otherwise made or processed from raw materials into the finished product that is to be provided to the Government. If a product is disassembled and reassembled, the place of reassembly is not the place of manufacture.

"Restricted business operations" means business operations in Sudan that include power production activities, mineral extraction activities, oil-related activities, or the production of military equipment, as those terms are defined in the Sudan Accountability and Divestment Act of 2007 (Pub. L. 110-174). Restricted business operations do not include business operations that the person (as that term is defined in Section 2 of the Sudan Accountability and Divestment Act of 2007) conducting the business can demonstrate—

- (1) Are conducted under contract directly and exclusively with the regional government of southern Sudan;
- (2) Are conducted pursuant to specific authorization from the Office of Foreign Assets Control in the Department of the Treasury, or are expressly exempted under Federal law from the requirement to be conducted under such authorization;
- (3) Consist of providing goods or services to marginalized populations of Sudan;
- (4) Consist of providing goods or services to an internationally recognized peacekeeping force or humanitarian organization;
- (5) Consist of providing goods or services that are used only to promote health or education; or
- (6) Have been voluntarily suspended.

Sensitive technology—

- (1) Means hardware, software, telecommunications equipment, or any other technology that is to be used specifically—
 - (i) To restrict the free flow of unbiased information in Iran; or
 - (ii) To disrupt, monitor, or otherwise restrict speech of the people of Iran; and
- (2) Does not include information or informational materials the export of which the President does not have the authority to regulate or prohibit pursuant to section

203(b)(3) of the International Emergency Economic Powers Act (50 U.S.C. 1702(b)(3)).

"Service-disabled veteran-owned small business concern"—

- (1) Means a small business concern—
 - (i) Not less than 51 percent of which is owned by one or more servicedisabled veterans or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more service-disabled veterans; and
 - (ii) The management and daily business operations of which are controlled by one or more service-disabled veterans or, in the case of a service-disabled veteran with permanent and severe disability, the spouse or permanent caregiver of such veteran.
- (2) Service-disabled veteran means a veteran, as defined in 38 U.S.C. 101(2), with a disability that is service-connected, as defined in 38 U.S.C. 101(16).

- (4) [] Have, [] have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.
 - (i) Taxes are considered delinquent if both of the following criteria apply:
 - (A) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.
 - (B) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

- (A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appear rights.
- (B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals Contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.
- (C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.
- (D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).
